PROFILE
TSATSAWANE

PERSONAL DETAILS

Name	Tsatsawane
Surname	Bombi
Gender	Female
Nationality	South African
Equity	African
Languages	English | Tshivenda
Driver's License	C1
Residential Area	Johannesburg Central

PERSONAL PROFILE

Tsatsawane is a motivated graduate currently enrolled in the Java Skills Training Programme at Mecer Inter-Ed, demonstrating strong commitment to continuous learning and career growth.
She is building a solid foundation in Java development, web technologies (HTML, CSS3, JavaScript), DevOps fundamentals, AI fundamentals, and cybersecurity, with a clear interest in developing industry-ready technical skills.

She has gained practical experience through academic projects, including a Java client-server Robot World Simulation using socket programming, multithreading, JSON communication, OOP, and GitLab for version control.

Also completed a cloud-based self-storage web application using AWS, strengthening her exposure to cloud computing and web application concepts.

Tsatsawane is ready to contribute as a dedicated learner, reliable team member and motivated entry level developer eager to grow and add value to real-world projects.

MIE ASSESSMENTS

The IKM TechChek Problem Solving A and Problem-Solving B

These assessments are critical tools for evaluating the cognitive agility and analytical reasoning essential in today's software development environments.
Tailored to measure fundamental problem-solving abilities such as logical deduction, numerical fluency, pattern recognition, and attention to detail, these assessments help identify candidates with the mental acuity necessary to navigate complex coding challenges and fast-paced development cycles.
While each version presents a unique set of scenarios, both are structured to deliver complementary insights, offering a balanced view of a candidate's aptitude.

Below is a breakdown of the core skill areas assessed:

Equations and Spatial Relations	Test knowledge of graph lines and points; reading and comprehending data charts; finding the area and perimeter of geometric figures; and solving for variables.
Emphasizing Details	Measures focus and awareness through questions that require quick responses. This includes image and text comparison.
Sequencing and Patterns	Assesses ability to recognize patterns and properly identify sequences. This includes measuring logical reasoning with number series.
Using Arithmetic	Tests ability to use inductive and deductive reasoning in resolving numerical problems. This includes solving everyday mathematical problems, rounding exercises, and simplifying expressions.

Results: IKM TechChek Problem Solving A Overall Score 59%
IKM TechChek Problem Solving B Overall Score 67%

Java SE7

The IKM TechChek Java SE7 assessment is a dynamic, adaptive evaluation tool designed to measure practical Java SE8 proficiency. It covers essential and advanced concepts relevant to real-world development tasks.

Below is a breakdown of the core skill areas assessed:

Java Memory Management	Garbage collection, memory allocation, object lifecycle
Java I/O	File handling, streams, data input/output
Java Program Construction	Code structure, modularity, interfaces
Assignment	Value assignment, type conversion, expressions
Java Classes	Class structure, inheritance, inner classes
Internationalization	Localization, resource bundles, formatting
Declarations	Variables, data types, initialization
Flow Control	Conditionals, loops, logical branching
Exception Handling	Error catching, exception types, flow recovery
Access Modifiers	Visibility control, encapsulation
Compilation and Deployment	Build tools, JARs, classpaths
Strings, Formatting and Parsing	String manipulation, formatting, parsing
Object Orientation in Java	Encapsulation, polymorphism, abstraction
Operators	Arithmetic, logical, relational, bitwise
Generics and Collections	Lists, maps, sets, type safety
Class and Interface Usage	Interfaces, abstract classes, design patterns
Concurrency	Threads, synchronization, concurrent utilities

Results: IKM JAVASE7 Overall Score

COURSES & CERTIFICATIONS : Mecer Inter-Ed.

Mecer Inter-Ed	Work Readiness - Soft Skills	02 February – 06 February 2026

	- Effective Time Management - Decision Making and Critical Thinking - Professional at the Workplace - Business Etiquette and Professionalism	
Mecer Inter-Ed	Introduction To Programming	09 February – 20 February 2026
Mecer Inter-Ed	Programming in HTML with JavaScript and CSS3	23 February to 06 March 2026
Mecer Inter-Ed	Introduction to Programming – Java Fundamentals [OCA]	09 March to 27 March 2026
Mecer Inter-Ed	Introduction to Programming – Java Programmer Advanced [OCP]	30 March to 24 April 2026
Mecer Inter-Ed	Introduction to Enterprise	27 April to 08May 2026
Mecer Inter-Ed	DevOps Fundamentals	11 May to 15 May 2026
Mecer Inter-Ed	CompTIA Cyber Security	18 May to 22 May 2026
Mecer Inter-Ed	AI Fundamentals - **Exam (%)**	25 May to 29 May 2026
Mecer Inter-Ed	System Project	08 June to 10 July 2026

TERTIARY EDUCATION

Institution	**University Of Venda** Honour's Degree **-** Completed
Qualification	Bachelor of indigenous knowledge systems
Dates	2023-12-06
Key Projects	Research and analytical skills

Institution	**Wethinkcode_ - Diploma**
Qualification	Software Engineering

Dates	2025-12-12
Key Projects	**Robot World Simulation** (Java Client-Server Project) Built using Java Developed a client-server robot simulation Technologies / Tools - Socket programming - Multithreading - JSON communication - Object-Oriented Programming (OOP) - Implemented commands like Look, Move, and Turn - Used GitLab for version control Skills gained: - Java, networking, concurrency, debugging **Self-Storage Web Application (Cloud Computing Project)** - Built a cloud-based file storage system - Used cloud services from Amazon Web Services - Users could upload and manage files Skills gained: Cloud computing, storage systems, web apps

SECONDARY EDUCATION

High School	**Raluvhimba**
School City	Makonde
Year of Matriculation	2019
Subjects	Science Stream

EMPLOYMENT HISTORY

Company Name	**Ditsong National Museum**
Position Held	Curator
Employment Period	6 Months
Roles and Responsibilities	Researching and cataloging artifacts Assisting with exhibition setup and design Developing educational materials and leading tours Gaining hands on experience in a gallery or museum setting

TRAINERS REPORT OVERVIEW
